

# MORNING APPEAL

THURSDAY, OCTOBER 3

## IRRIGATION.

General John B. Bowman recently said: "It is my opinion that irrigation will be the means of doubling the population of every western State and Territory within the next ten years. Four-tenths of the area of the United States, not including Alaska, requires irrigation. This territory includes part of California, Kansas, Texas, Nebraska, Nevada, Oregon, all of Arizona, New Mexico, Utah, Montana, Wyoming and parts of Dakota and Washington. Through this vast territory there flows a number of streams with narrow valleys capable of cultivation. In these valleys, settlers have taken up their abode, cities have been built and now the cry is for more room. The room is there, and the only thing needed is to make the broad sunburned plains vie with the valleys in irrigation. The sentiment in favor of this method of reclaiming land is growing strong and I predict that ten years will witness a revolution."

## FOREST DESTRUCTION.

A dispatch from Washington reports that a syndicate of land thieves has secured 100,000 acres of timber in Washington Territory. It appears that the residents of the section have about exhausted their rights as entrymen, and the syndicate has to import grabbers from the East. While this is going on, the forests are aflame from the southern extremity of Santa Cruz mountains to the Canadian border. The proximate and remote damage which has been inflicted on the farm lands of the Coast during the current year by fire would exceed the market value of their total products. And there is no one in authority who seems capable of raising a hand. At the present rate of destruction the forests mainward from Fresno county will have been destroyed inside of ten years, and with them the prosperity of that community will fall in decay.

The Lake Tahoe water scheme is not the only one which has been presented to the city. The El Dorado Water and Deep Gravel Mining Company has submitted a general plan of water supply which has been referred to the appropriate committee of the Board of Supervisors.—S. F. Post.

## RENO ITEMS.

The pavilion is a drawing card. Senator Westerfield is enjoying the fair. Senator Jones came up from the Bay yesterday. Senator Stewart is in Reno taking in the State Fair. The Journal says: And still the people are piling in. Isabel Morris' Company, under the management of John Piper is playing here. Judge Hawley, Belknap and Murphy of Carson are holding a race meeting here. M. S. B. and field of Winnemucca and Senator J. B. Gallagher of Esmeralda are in Reno.

Th-o. Winters has the best lot of yearling colts at the State Fair that were ever exhibited in America.

About 1,500 people visited the races on Wednesday, an increase of about 600 on the last two day's attendance.

## LOCAL JOYS.

The bar and band privileges will be awarded on Thursday evening. A pretty new flag floated over the grand stand at race track yesterday.

The Carson Guard were out last evening escorted by the Capital Band.

Thirty-six of the most prominent and substantial citizens of the State have taken out life memberships in the Ormsby Agricultural Association, paying \$100 each.

The Carson band is practicing every evening and if they are awarded the band privilege, will make strangers think that Carson has musicians after all.

NOTICE.—Owing to the scarcity of water the patrons of the Carson Water Company are hereby notified that irrigation will be permitted on Tuesdays and Saturdays only. The necessity for this order is imperative, and the cheerful compliance on the part of consumers will save unnecessary trouble.

HENRY DAUGHERTY,  
Superintendent.

**A HALE OLD MAN.**—Mr. James Wilson of Allens Springs, Ill., who is over sixty years of age, says: "I have in my time tried a great many medicines, some of excellent quality; but never before did I find any that would so completely do all that is claimed for it as Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is truly a wonderful medicine." For sale by Geo. C. Thaxter.

## How Can Parents

allow their children to cough and strain and cough and strain say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S' CHERRY COUGH SYRUP?
